Class Descriptions

Cross training: A combination of basic step, high & low impact aerobics. Participants will improve both their cardiovascular condition and strength using hand weights and floor exercises for abdominals. **Instructor: Holly Pearce**

Weight & Cardio Interval: Simple cardio moves using basic step, high and low impact aerobics with weight intervals using hand weights. Ending with abdominal mat work and stretching. **Instructor: Holly Pearce**

Just Core! A 40-min. class designed to strengthen and slim the core through the combination of medicine balls, planks, body bars, and stability balls. It starts with a brief cardio warmup and ends with a cool down of stretching. **Instructor: Patti Webb**

Weights & Step: This class is designed to sculpt the entire body through a combination of cardio, step, dumbbells, stability ball, and body bars...and ends with cool down and stretching.
Instructor: Patti Webb

Boot Camp: Get in and get out on your lunch hour! A 40 min., high intensity class designed to sculpt the entire body. A combination of callisthenic exercises and weights are incorporated. **Instructor: Patti Webb**

Core Yoga: A yoga-styled class concentrating on strength and sculpting the core, abdominals, obliques and low back. Please bring your yoga mat and bare feet. **Instructor: Jenny Howard, Jill Payne**

Hatha Yoga: This class develops strength and flexibility while integrating the body and mind. We make use of preparatory and classical poses while moving with the breath, ultimately working towards relaxation and a sense of well-being. The classes emphasize a mindful approach to the poses using the teachings of the Buddha as well as the classical teachings of yoga. **Tuesday's** class is Beginner I. **Thursday's** class is Beginner II...experience required. **Instructor: Wendy Morrison**

Body Sculpting: This class is designed to sculpt, slim, and improve muscular fitness. The class begins with a warm-up followed by toning and strengthening work with light weights and mats. Class will end with stretching and cool down. **Instructor: Jill Payne**

Yoga-Style: A vinyasa-flow style. Students will increase core strength, balance, flexibility, and reduce stress. This class is a moving meditation pairing breath with yoga postures. Beginners and experienced yogis are welcome...only an open mind is required. **Instructor: Sarah Smith-Putman**

Strength & Stretch: A 30-minute session of core strengthening moves combined with Yoga- style stretching and holds. Beginners are welcome. This is a great lunch break class to destress and take a relaxing break for yourself. **Instructor: Jill Payne**

HIIT Boot Camp & Core: A fitness class that utilizes bodyweight movements for strength and cardio benefits. The class is designed as a High Intensity Interval Training (HIIT) routine. A wide variety of exercises are incorporated such as jumping jacks, variations of the squat and lunge, as well as core and upper-body exercises. Core class is held on Thursday and focuses on the entire core unit (back, glutes, obliques, abdominals).
Instructor: Erica Osterhout

Friday Challenge: Ready for 15 minutes of all-out effort to kick-off your weekend? This is an AMRAP (as many rounds as possible) type of workout that lets you go at your own pace and push your own limits. **Instructor: Erica Osterhout**

Pumped Up Cardio: A fun, dance-style aerobic workout incorporating light weights and body weight exercises. A medium intensity group class that has evolved from a variety of dance workouts to keep it fun and appropriate for most fitness levels. **Instructor: Gloria Carter**

**All classes are subject to instructor substitutions as needed.*
